

# STAMPING OUT ANTISEMITISM

for future generations

LEGACY OF LIGHT GUARDIAN

DAVID SKLAR

Odessa, FL

“

**The Museum constantly reminds  
the public that antisemitism**

has no place in our society. It is truly the standard-bearer and a tower of influence in countering oppression against minorities anywhere. Through its education efforts, young people learn to care, and to not let history repeat itself—regardless of who is being persecuted. Through my legacy gift, the Museum can continue my fight to stamp out antisemitism.”

We are proud to recognize as Legacy of Light Guardians all supporters who have made **SAFEGUARDING TRUTH** their personal legacy through any type of gift to the Museum's endowment. **EVERY WILL MATTERS... PUT THE MUSEUM IN YOURS.**

UNITED STATES
